FM/PM?   :   CINCEUR Wartime Intelligence Requirements

1. You have received from FI/Plans a copy of the draft dispatch prepared by SWPE setting forth his instructions to the stations in the field on how to process the wartime intelligence requirements prepared by CINCEUR and approval of the draft dispatch has been sent to SWPE. You will also receive a copy of the intelligence requirements through Top Secret Control. It is anticipated that you will withhold your final comments regarding acceptance of CINCEUR's intelligence requirements until you have had an opportunity to review the comments of each of your field stations. Although CINCEUR has expressed a desire for answers by 1 January 1960, CINCEUR is aware that CIA will not be able to meet this deadline. Nevertheless, we should make every effort to expedite our handling of these requirements.

2. In your review of the requirements, you will note that there has already been tentative acceptance of some of the requirements by military components. However, these should also be considered for acceptance by CIA and at a later stage discussions will be held between SWPE and CINCEUR re duplication of acceptances.

3. There will be a followup by this Office on/or about 28 December to determine the status of your review in order that SWPE may be advised as to when he may expect a final reply from Headquarters.
